AGREEMENT

between

Section One Inc. of the New York State Public High School Athletic Association representing the schools aligned by the Lower Hudson Council of School Superintendents in the public school leagues, and referred to hereafter as Section One

and

Three (3) members representing Westchester/Putnam Associations, two (2) members representing Rockland Associations, and two (2) members representing Dutchess Associations all of whom comprise Section One. IN RECOGNITION OF THE ABOVE

The Center for Interscholastic Athletics, referred to hereafter as the CIA, will assign only certified officials in good standing as members of local associations, who are approved officials as defined in the current Handbook of the NYSPHSAA, Inc.

Section One, the schools it represents and Officials, accept and abide by the Statement of Principles for Officiating and the Officials' Agreement as written in the current handbook of the NYSPHSAA.

The term of this agreement shall be from **September 1, 2018 through August 31, 2023.**

NEXT AGREEMENT

The next agreement will be reached according to the procedure contained in the current NYSPHSAA handbook.

ASSIGNMENT PROCEDURES

A. Original Assignments

1. The following deadlines will be adhered to by all parties:

<u>Fall Sports</u>	1. Availability to CIA 2. Assignments mailed	April 7 June 1
<u>Winter Sports</u>	1. Availability to CIA 2. Assignments mailed	July 10 October 10
<u>Spring Sports</u>	1. Availability to CIA 2. Assignments mailed	November 10 January 25

2. An official shall return his/her confirmation sheet of original assignments to the CIA within ten (10) days of receipt. Delinquencies will be reported to the Association Presidents.

a. Any official who, without valid reason reported to the CIA, turns back 25% or what is considered to be an unreasonable number of games will be reported to his/her Association's Executive Committee representative.

1. The official's Executive Committee Representative must respond to the CIA's notification with a preliminary phone call or written memo within five (5) school days. Every effort should be made between the CIA and the official's Executive Committee Representative to come to a mutual agreement regarding the official's future status for receiving assignments.
2. CIA Scheduler will notify sport officials by sport and county Three (3) school days prior to closing access to availability on the website. This will be executed by an e-mail blast to that particular sport and county. Any change beyond that to availability must be e-mailed to the appropriate sportdesk until his/her schedule is posted or e-mailed or mailed for confirmation of assignments.

3. Officials shall confirm all assignments with the HOME school either prior to or on the day of the contest. In case of inclement weather confirmation must be made on the day of the contest. (See D-4)

4. Each association's executive committee will have the opportunity to review and suggest changes to the CIA assignment parameters. Schedules for review may be picked up by, or e-mailed to the Association President or Association Representative and must be returned to the office within three (3) business days. The CIA will make every effort to make appropriate adjustments.

B. Supplemental Assignment Availability

1. Officials associations will instruct their members to keep their availability up-to-date after receipt of their original assignments.

Officials that fail to keep their availability up to date and who do not cooperate with the CIA shall be reported to that official's Executive Committee Representative. Same will apply as in Clause A, Section 2a Article 1.

C. Release from or switching confirmed assignments

- (1) An official seeking release from a confirmed assignment shall call the CIA or make a written request for being released from an assignment.
- (2) An official shall not switch assignments with another official except in an emergency. If there is such a switch, the CIA will be notified as soon as possible.

D. Incomplete Contests and Over Assigning

1. For any contest that starts and is not completed, an official is to be paid the full contest fee.
2. Officials who report to a contest that is not started shall receive the full contest fee, unless weather is the cause for such cancellation. In such instances where inclement weather renders fields unplayable, officials shall be compensated by an appearance fee. This fee shall apply to all sports, all levels. If a doubleheader is canceled due to weather a single appearance fee shall be paid to each official. If the second game of a doubleheader is canceled due to weather, no cancellation fee shall be paid unless two different sets of officials are being used. (see appearance/travel schedule, page 9)
3. Time deadlines - By agreement among the CIA and school Athletic Directors, officials must be notified of possible cancellations and postponements as soon as the decision is made.
4. Officials are paid a full fee if they are not notified about a postponement or change of site and arrive at the original site of a contest. This does not eliminate an official's responsibility to call a school before leaving for a contest during the day of inclement weather, as in A-4. It is further understood that it is possible for cancellations due to weather beyond the original inclement day. However, this does not diminish the school's or the CIA responsibility to notify officials of a cancellation including cancellation of contests on subsequent dates due to preceding day or days inclement weather including contests cancelled due to the inclement weather in a visitor locale that prevents travel to the contest site.
- 5 Reassignment of officials
 - a. Section One as the assigner is under no obligation to guarantee an official any assignments. Assigners (Sport Desks) are to make a good faith effort to provide an official with a reassignment when a school or league drops a program or reschedules a contest after original assignments are confirmed by an official.
 - b. In the event of postponed or incomplete contests, the original assigned official(s) should, if possible, continue with the contest. Canceled contests should be replaced if possible.
 - c. An official assigned to a postponed or suspended game will continue with this contest on the new date unless the official has a previous assignment or has no availability on the new date. If the official has a lower level assignment, an effort will be made to offer the higher game.
- 6 .Should an extra official arrive for a contest, and the assignment error was the fault of the CIA, each official will receive the full contest fee. The HOME school team will decide which officials will work the contest, within the standard condition, unless otherwise approved by both schools.

E. Officials Working Contests - less than the required number

1. An official working any contest alone, when the Standard Condition (S.C.) is two officials, shall receive the regular contest fee, plus one-half (1/2) the fee for the contest. If the officials association can show that there were officials available, who were not contacted, the official who worked alone will receive a double fee, unless the less than S.C. situation was caused by an official's cancellation on the day of the game. If an official refuses to work at less than the S.C. after reporting to the game site, he/she will receive only a travel fee.

2. Day of Game Turn Back of Assignment

- a. The CIA will call the official still assigned to the game to determine whether he/she will or will not officiate the contest with less than the Standard Condition.
 - b. The official turning back the assignment will call the home school.
 - c. If the official who is still assigned to the contest chooses to work, he/she receives a fee and one-half (1.5) compensation.
 - d. If the official who cancels an assignment fails to notify the CIA and the official still on the game travels to the game site and then refuses to work, the remaining official gets an appearance fee. If he/she chooses to work, he/she gets a game fee and one-half (1.5). (see appearance/travel fees schedule, Page 9)
3. In sports where the S.C. is more than two (2), the officials working the contest shall split the fee of the missing official (s). *with the exception of varsity and JV football, football will work the game with less than five for the same fee.

The above does not apply in those sports where the fee schedule calls for a different fee for a single official or a number of officials less than the standard condition. (see special conditions)

F. Turn Backs.

1. **Definition of a Turn Back:** Any assignment that an official turns back after having accepted the assignment via BOCES system or a game offered to the official based on availability and refuses.

2. Non-performance Penalty

- a. No show full game fee
 1. If assigned to a double game, the no show penalty is assigned to both games
- b. Accepted game penalty is 20% of game fee (day of game constitutes the end of business day prior-4:30pm)
 1. If assigned to a double game, this penalty is assessed to the Varsity/higher game only
- c. Turnback Within 72 hours-8% of game fee
 1. If assigned to a double game, this penalty is assessed to the Varsity/higher game only
- d. Officials who are injured or on extended medical leave will need to provide a note or be made inactive. A form will be provided

G. Cancellation of Programs

1. If a school drops a program before the start of that sports season, every effort will be made to assign officials assigned to those games to comparable contests-

H. Waiting Time and Waiting Fee

If the start of the contest is delayed beyond the time set forth on the assignment sheet, for other than weather-related reasons, the following shall apply:

1. If a team is late in arriving or play commences later than the announced and confirmed time, officials are to:
 - a. Report the lateness to the CIA within five (5) school days.
 - b. Sign and record the time in the scorebook.
 - c. Inform HOME and visiting coaches that a late start is being reported to the CIA.
 - d. The coach is to verify late start with HOME Athletic Director who confirms with the CIA.
 - e. Failure of the HOME Athletic Director to confirm with the CIA shall not cause withholding of officials' payment.
 2. If a contest is started more than thirty (30) minutes after the announced and confirmed time the official shall receive the contest fee plus a lateness fee of thirty dollars (\$30). Time will be determined by mutual agreement between the HOME Athletic Director, HOME coach and officials prior to the start of the contest.
 - a. If the official (s) are notified by 12:30 P.M. either by a telephone call from the CIA or the HOME Athletic Director, that the announced and confirmed starting time of the contest will be delayed by thirty (30) minutes or more and the official(s) decides to work the contest, no late fee will be paid.
 - b. At the end of thirty (30) minutes beyond the scheduled starting time, the official may elect to leave and a waiting fee equivalent to the applicable contest fee is payable.
 - c. If the official elects to wait more than sixty (60) minutes, then an additional half (1/2) game fee for varsity matches only
 - d. Late start fees are to be paid to officials in the second game of a double- header, if the first game starts late enough to delay the start of the second game by thirty (30) or more minutes.
- EXCEPTION - If the same official(s) is working the second game, only one late fee is paid to that official.
- e. The official(s) claiming the late start fee must complete and submit to the CIA a late start form supplied by the CIA and in accordance with the 5 day deadline listed on the form.
 - f. If an official(s) leaves a contest before the completion of the contest, without agreement of the CIA or an agreement with the HOME school coach or Athletic Director a penalty equivalent to the full

contest fee will be applied. In addition, the incident will be reported to his/her Executive Committee Representative.

3. Waiting time for Game delayed by weather

No contest may be started or resumed that has not been restarted before an additional 90 minutes after what would have been the normal 90 minute length of the game...ie, game start of 2pm, (90 minute game length, plus 90 minute wait) game could not be resumed after 5pm. Remember to follow game delayed rules for what is considered regulation game

I. Absent or Late Official

1. Each officials' association shall determine the amount of time prior to a contest which is appropriate for each official to be present and prepared to do his/her duties as an official.
2. An official who is absent from a confirmed assignment shall be subject to a non-performance penalty of a full fee applicable to the contest. Emergency situations may occur for which the grievance procedure will apply.
3. An official who arrives 30 minutes later than the confirmed starting time of the contest shall be fined thirty dollars (\$30) at the varsity level, and fifteen dollars (\$15) at all other levels. The HOME Athletic Director shall report such lateness to the CIA. Emergency situations may occur for which the grievance procedure will apply.

J. Travel Fee

In situations where the supply of available officials is exhausted, officials assigned to contests outside their areas of territorial rights will receive a travel fee. (see appearance/travel fee schedule page 9)

K. Guidelines

Officials shall abide by the Sportsmanship Standards and **Sports Standards** as developed by Section One. Officials failing to meet their obligations under these Guidelines will be referred to their association officers before any other action will be taken by the CIA under the Guidelines. N. Renegotiations

Should changes in working conditions alter provisions contained within this agreement, the agreement is subject to re-negotiation, by the OCF Negotiations Committee for the sport in question, during the term of the agreement.

O. Grievance Procedure

Every attempt will be made by both parties to work together to resolve problems related to the contract. A grievance may be lodged based on an alleged breach or misapplication of a specific term of this agreement.

Grievances related to payment of fees or other reimbursement for services rendered must be initiated within 60 (sixty) calendar days after the end of the sport season in which the grievance occurred.

All grievances must be submitted to the OCF Chairperson. The Chairperson will then notify the Grievance Committee and the Executive Director of the CIA, of written documentation from the grieving party(ies).

The OCF Grievance Committee will act as the initial formal grievance step for any issue that can not otherwise be resolved informally by the involved parties and their organizations and/or superiors within Section I relative to the currently effective agreement between Section I Inc. and the sports officials associations.

The Grievance Committee shall act on all matters within ten (10) **school** days after receipt by the OCF Chairman of written documentation from the grieving party(ies). It may seek additional information and can be expected to request the attendance at a hearing of all parties related to the grievance. The committee shall strive to decide and provide written documentation supporting their decision to all affected parties within fifteen (15) days after receipt of the grievance. The CIA shall be responsible for distributing the decision to each OCF member. If this committee is unable to render a majority decision or if a decision is appealed, the parties should proceed according to the requirements set forth in the "Officials Agreement" between the State organizations and the NYSPHSAA.

P. Fines and Non-performance Fees

If a conference for any reason, cancels their scheduled conference meet, then teams from that conference may opt to swim/dive at another conference meet and a fee of (\$5) per official would be levied for one (1) team added to another already scheduled conference meet, (\$10) for two (2) or three (3) additional teams, (\$15) for four (4) or more additional teams to an already scheduled conference meet. If two separate score sheets are used for two conferences at the same time in the same pool, this would equate to two separate conference fees.
